Work study assignments are limited in number. Checks are not issued for hours worked. All work study earnings will be credited toward tuition payments. Students earn a starting amount of \$6.25 per hour for work completed. If a student does not fulfill the assigned duties, she will receive a warning. If her work does not improve, she will be removed from the program.

In the event that a work study student has a scheduling conflict, it is her responsibility to communicate with her assigned faculty member to complete her duties.

I have read the above application and wish to participate in the work study program. I understand that assignments are limited and are determined by need. I understand that I may be replaced if I am not consistent and responsible in this job.
