

Beaumont Summer Enrichment

-2018-

Enrichment opportunities exclusively for girls entering grades 1-2-3!

Week 1 June 11-15 9:00-12:00	Week 2 June 18-22 9:00-12:00	Week 3 June 25-28 9:00-12:00	Week 4 July 9-13 9:00-12:00
<p style="text-align: center;">Growing Minds</p> <p>Enjoy this week long enrichment designed to grow the right and left brain. Creativity will flourish as girls will create their own Pop Art pieces. They will then nourish their left brain with Math Minds challenges and activities. Finally, they will strengthen reading strategies by participating in Readers Theater!</p>	<p style="text-align: center;">Girls Just Want to Have Fun!</p> <p>Girls will participate in many hands on experiments, will create their own concoctions and participate in STEM challenges and Readers Theater activities! This week is sure to create lasting memories, build friendships and of course, be tons of FUN!</p>	<p style="text-align: center;">Once Upon a Time</p> <p>This fairy tale based week exposes participants to the play writing process as girls will work together to collaboratively write their own fairy tale play and create their own costumes and scenery! Girls will also be given a STEM challenge of the day that links to a specific fairy tale!</p>	<p style="text-align: center;">Summer Fun and Games</p> <p>Girls will engage in a variety of summertime team building games that focuses on forming friendships. They will delve into the arts daily as a way to express themselves and celebrate their unique selves! The point of this week is in the name- because summertime is all about fun and games!</p>

Meet the Instructors!

<p>Christina Stouffer</p> <p>“As an artist I am constantly inspired by the natural world around us. I am inspired by exploring ways to combine various art mediums to develop conceptual vision both abstractly and literally. I have been teaching art at Shaker Heights High School for 8 years and enjoy seeing the ways students create, invent and innovate through artwork. I look forward to working with diversified age groups this summer at Beaumont!”</p>	<p>Melissa Hensel</p> <p>“I have been teaching primary children at Gesu for the past nine years as an intervention specialist. I love seeing the excitement on young faces as they begin to read and write and get lost in stories. I look forward to my first summer at Beaumont.”</p>
<p>Kelley Turner</p> <p>“I am a math teacher at Beaumont school. This is my second year at Beaumont and my ninth year teaching young women. Although my career is teaching high school math, I especially love sparking excitement about math in the minds of the younger girls. I have experience working with girls in grades 1-3 in a previous summer camp and am looking forward to having some fun with math this summer.”</p>	<p>Katie Barrett</p> <p>“I am currently a third grade teacher at Gesu School! I love teaching my students to learn through exploration and seeing their creative results. I am looking forward to a summer filled with excitement, learning, and FUN!”</p>
<p>Katie Parisi</p> <p>“During the school year, I am a Kindergarten teacher at Gesu School! During the summer, I have the privilege of working at Beaumont as the Summer Enrichment Programs director. Although I love being able to put together programming and work with other fabulous instructors, the highlight of the summer is being able to work with the girls to provide opportunities to be creative, inventive problem solvers and risk takers! “</p>
